## STEP 3 - ONBOARDING

---

Kindly allow **24–48 hours** for your Operator account to be created. Once your account is ready, we will send your access details and onboarding guide to your registered email address. During this waiting period, one of our team members will contact you to assist you and provide the necessary instructions for your onboarding.

## STEP 4 - OPERATIONS

---

Once you have completed the onboarding, you will be ready to start operating your business.
